## Aon7n( nA Aare Ae7re en7Ao [] (n 7A AAAAA

ft  $0\,0\,\boxtimes 0$ , also referred to as a life care community, combines residential accommodations with health services. T e AurAose of a  $0\,0\,\boxtimes 0$  is to allow residents to receive the aAAroAriate care across a continuum, from indeAendent living to assisted living and skilled nursing care, as their needs change, without having to leave the retirement community. T is model ensures residents will be cared for through end of life.  $0\,0\,\boxtimes 0$  s usually charge residents an entrance fee as well as a monthly Aayment. T e entrance fee may include the cost of Aurchasing a unit, or it may be a one time fee.

5aying for a  $0\,0\,\boxtimes 0$  is decided by the level of care that you reBuire, and where you reside, from indeAendent living to assisted living and skilled nursing care. "n indeAendent living, the only oAtion is Arivate Aayment. ft ssisted living is not covered by  $\boxtimes$  edicare,  $\boxtimes$  edigaA,  $\boxtimes$  anaged 0 are and  $\boxtimes$  edicaid, but is covered by certain long term care Aoli cies  $\boxtimes$ L, 0 " $\boxtimes$ and . eterans  $\boxtimes$ eneWs. Skilled nursing is covered by  $\boxtimes$  edicare,  $\boxtimes$  anaged 0 are,  $\boxtimes$  edigaA,  $\boxtimes$  edicaid, long term care insurance  $\boxtimes$ L, 0 " $\boxtimes$ and . eterans  $\boxtimes$ eneWs.

## AIII Ge I A v nA

ftssisted living is a general term used to describe residen tial facilities that Arovide care for individuals who cannot live indeAendently, but do not reBuire twenty four hour skilled nursing care. T ese facilities tyAically serve individuals age siI ty and older, although younger Aersons with similar needs may be served as well. Some facilities also oUer ftlKheimerk andKor dementia care.

ftssisted living facilities Arovide room and board, some housekeeAing, social activities, suAervision and assistance with basic activities like Aersonal hygiene, dressing, eating and walking. \( \text{\text{\text{activities}}} \) like Aersonal hygiene, dressing, eating and walking. \( \text{\text{\text{activities}}} \) ost facilities of arranges transAortation for residents. \( \text{\text{\text{\text{\text{\text{activities}}}}} \) ost facilities of three meals.

T ese communities are considered non medical facilities and are not reBuired to have nurses, certi₩d nursing as sistants or doctors on staU, although many facilities do have medical staUeither onsite or on call. ☒ edications can be stored and distributed for residents to self administer.

 $\boxtimes$  edicare,  $\boxtimes$  edigaA and  $\boxtimes$  anaged 0 are do not cover care in assisted living communities. "n some states,  $\boxtimes$  edicaid will Aay for assisted living $\boxtimes$ however, very few facilities acceAt  $\boxtimes$  edicaid as reimbursement. Long term care insur ance Aolicies  $\boxtimes$ , 0 " $\boxtimes$ and. eterans  $\boxtimes$ eneWs sometimes can cover the cost of assisted living facilities.  $\boxtimes$  ost assisted living is Arivate Aay.

continues

## $\begin{bmatrix} 1 & \text{en-or} & -\text{v-n} \\ 1 & \text{en-or} & -\text{v-n} \end{bmatrix}$

Some ftssisted Living facilities stratify costs along three or four levels of care, with all costs of care included in the monthly fee. ft higher level of care results in a higher monthly fee. ( thers have a basic monthly cost and costs for additional services are added on a fee for service basis. Some have a hybrid of the two systems, with stratiWed costs by level of care Alus additional fees for certain services. "n short, cost structures vary considerably and can be Buite comAlicated.

ft lthough the comAonents of each level of care vary from facility to facility, some basic guidelines do eI ist. \( \text{\text{\text{\text{g}}}} \) any fa cilities use a Aoint system to determine a resident is re Buired level of care. 'o cost of care fee aAAlies if the resident is considered indeAendent and doesn it re Buire any hel AT is can also aAAly to residents who only need verbal instructions to comAlete the activities of daily living kft ULsi. \( \text{\text{\text{B}}} \) esidents who do re Buire care are assessed Arior to moving into the facility. TecomAonents that ty Aically determine the level of care a resident re Buires are sbathing, clothing, grooming, mobility, continence, caregivers, eating, medication, laundry and dementia.

### 8r6-n∐ 01 e6

' ursing homes or convalescent homes are also known as skilled nursing facilities, or S' 5s kAronounced MilusM S' 5s are live in facilities that Arovide medical treatment Arescribed by a Ahysician. T ese nursing care facilities cater to several tyAes of Aatientss some Aatients reBuire short term rehab while recovering from surgeryr others reBuire long term nursing and medical suAervision. "n ad dition, some S' 5s oUer sAecialiKed care Arograms for ftlKheimerk or other illnesses, or short term resAite care for frail or disabled Aersons when a family member re Buires a rest from Aroviding care in the home.

S' 5s Arovide t c hour nursing carerrehabilitation serv ices such as Ahysical, sAeech and occuAational theraAyr assistance with Aersonal care activities such as eating, walking, bathing and using the toiletr coordinated man agement of Aatient carersocial services and activities.

T e Arimary ways to Aay for skilled nursing facility care are  $\boxtimes$  edicare,  $\boxtimes$  edigaA and  $\boxtimes$  anaged 0 are,  $\boxtimes$  edicaid, Long term care insurance Aolicies kL, 0 "i, . eterans 3 eneWs or Arivate Aayment.  $\boxtimes$  ost skilled nursing care at a facility is covered initially by  $\boxtimes$  edicare. ft Yer  $\boxtimes$  edicare coverage stoAs, your oAtions are L, 0 ",  $\boxtimes$  edicaid, Arivate Aayment or a combination thereof.
